

PRESS RELEASE

A+T INSTRUMENTS EXTENDS WARRANTY TO *FIVE YEARS* ON ALL PRODUCTS

Engineering excellence and fantastic support is at the heart of everything we do here at A+T. In the years since we started, we have without fail replaced any defective equipment. Now we are formalising that with five years warranty on all equipment including that already supplied. Further details on warranty are attached.

The displays in this image have been submerged for over 12 months.

This warranty reflects the quality of engineering that is put into all our products and the testing of every product shipped which includes 24 hours in an oven at 70 degrees C and, for displays, 24 hours under 1 m of water.

A+T Instruments the best yacht instruments ever made.

Notes to Editors

About A+T Instruments Ltd: *A+T Instruments Ltd is based in Lymington UK and was founded by Richard Tinley and Hugh Agnew. Richard has designed instruments his whole career including being the official B&G service centre for 20 years. Hugh Agnew is a race and super yacht navigator and has built many navigation systems in the offshore, military, and yachting markets. A+T combines their knowledge to design and manufacture, without compromise, the best engineered marine instruments all manufactured in the UK by the rapidly growing A+T team.*
